MSR POLICIES

1. Take the post-rotation test.
2. 100% attendance for the MSR lectures.
 - Exemption will be for scheduled days off, primary morning clinic, excused absences from the rotation. There are no other exceptions.
 - We would **encourage** residents to avoid taking days off on MSR lectures days if feasible.
3. **Attendance of Residents:** Residents must e-mail Mary Ann Black at mblack@med.wayne.edu, the Faculty, Fellow presenting the MSR lecture and Liz Cincotta (only for her lecture) at ecincott@dmc.org. This will take the place of a sign in sheet. **You will be assumed absent** if e-mails are not received. All Faculty and Fellows are on the med.wayne.edu - e-mail.
4. **THE ONUS OF ATTENDANCE IS ON EACH RESIDENT.**
POLICY REGARDING SECOND CLINICS FOR RESIDENTS ROUNDING IN NEPHROLOGY (AS SUGGESTED BY INTERNAL MEDICINE PROGRAM):

Residents are **not** allowed to attend a second clinic on floor months, but if the rotation is light, then the resident and Nephrology fellow on service can use their discretion about whether or not they can do them.
